

an SFC Communications, Inc. Company

SFC Communications, Inc, dba Eukon Group, provides Turnkey Services for the Wireless Industry, specializing in Site Acquisition and Engineering Services.

**WE PRIDE OURSELVES ON PROVIDING INNOVATIVE,
SOLUTION-ORIENTED AND UNPARALLELED QUALITY
SERVICES TO OUR CLIENTS**

Eukon Group has been in business since 1998. We began with Construction Management and Compliance services to AT&T. We added Site Acquisition, then A&E in 2010 which propelled us into the full turnkey organization we are today with a highly regarded reputable name in the Telecommunications industry. We are committed to client satisfaction and excellence.

Site Acquisition Services Include:

- ▶ NSB, DAS, ROW, MCA/MODS and Small Cell/CRAN
- ▶ Site Identification, Lease/Zoning Review
- ▶ Jurisdictional Research
- ▶ Leasing – Successful negotiation of below market lease rates
- ▶ Zoning and Building Permit procurement, coordination and submittals
- ▶ Jurisdictional permitting at the federal, state and municipal levels
- ▶ Regulatory Compliance
- ▶ Project Management

Why We Are Successful:

We only hire the best of the best! Eukon Group understands quality of work is a key element to success. We control quality by performing work in house rather than outsourcing. We are committed to building experienced professional teams with proven success records.
